

HIGHRIDGE WATER AUTHORITY

ASSISTANCE FOR REPAIRS and INSTALLATION

Call Before You Dig!

In the state of Pennsylvania, anytime you or a contractor are digging on your property with powered earth moving equipment, you must inform PA One call so that the proper utilities in the area can be notified and mark utility lines. In Pennsylvania, call 811 or go to www.pa1call.org.

To assist you when making repairs or needing supplies for upgrading your service connections the following are local dealers that can provide water line products.

SUPPLIERS OF WATER LINE PRODUCTS

- STILES HARDWARE, SEWARD - (814) 446-5516
- RELIABLE PIPE, INDIANA - (724) 465-4134
- HD SUPPLY, RT 30 LATROBE - (724) 539-2900
- L/B WATER SERVICE, INC. EBENSBURG - (814) 471-1980
- BERGMAN’S HARDWARE, BLAIRSVILLE - (724) 459-6300

***You may want to call & make sure the items you need are currently stocked by these suppliers.**

For actual construction of water service lines the following subcontractors have provided quality service to our customers for several years and currently retain liability insurance. Contact your local plumber when needing plumbing repairs.
